I. Introduction

The purchasing procedure of the Stevens Memorial Community Library shall comply with all applicable laws and regulations of New York State General Municipal Law and New York State Education Law.

Pursuant to General Municipal Law, Section 104-b, goods and services which are not required by law to be procured through competitive bidding must be procured in a manner which assures the prudent and economical use of public monies in the best interest of the taxpayers. It further requires that to facilitate the objectives of economical use of tax monies, the acquisition of goods and services of the best possible quality at the lowest possible cost, and to guard against favoritism, improvidence, fraud and corruption, internal policies and procedures governing procurement of all goods and services not required by law to be procured through competitive bidding must be adopted by the Library. It also requires that, effective January 1, 2009, such policies and procedures identify the individual or individuals responsible for purchasing and their respective titles.

No official or employee of Stevens Memorial Community Library shall be interested financially in any contract entered into (as defined in General Municipal Law, Sections 800 thru 808). This also precludes acceptance of gratuities, financial or otherwise, by the above persons, from any supplies of materials or services to the Library.

The Library Board of Directors shall annually review and, when needed, update this policy and procedures manual, as required. The Library Director shall be responsible for conducting an annual evaluation of the effectiveness of the procurement policy and procedures and an evaluation of the control procedures established to ensure compliance with the procurement policy, and shall be responsible for reporting back to Finance Committee and the Board of Directors.

Unintentional failure to comply fully with the provisions of General Municipal Law, Section 104-b shall not be grounds to void action taken or give rise to a cause of action against the Library or any officer or employee thereof.

All purchases made outside of the purchasing procedure will be considered unauthorized purchases and are not the financial responsibility of the Library.

Forms within this manual are not to be altered or changed in any way.

II. General Purchasing Procedure

The acquisition of services, equipment and supplies at Stevens Memorial Community Library is centralized whereby the Library's Director is responsible all library purchasing and for complying with this policy and the procedures set forth therein. The Library will not be liable for any purchases made not in compliance with this policy. Those responsible individuals listed in Appendix B shall procure the necessary items of material, equipment, supplies and services as needed, at the best possible prices and maintain adequate records as verification of such.

The first step in procurement is to determine the type of service or good needed. A "purchase contract" is for the purchase of goods. A "public works contract" applies to those items or projects involving primarily labor or both material and labor where labor is the major portion of the purchase. A professional service is a service that requires special skill, expertise and/or creativity.

The next step in the procurement process is to determine the dollar threshold of the item being purchased. This will dictate the appropriate method of procurement as shown within this manual. That dollar threshold is the aggregate amount planned to be spent on the same or similar commodities or services, and technology within a rolling 12 month period. "Like" commodities are those items of a similar nature, which are generally, but not always, handled by one vendor (ie. cleaning supplies, books, office supplies) and should be grouped together for the purpose of determining whether you will exceed the limit as set by law. A series of transactions, each under the threshold, is subject to competitive bidding if it can be reasonably anticipated that the aggregate amount will exceed the threshold. If the actual cost of any purchases or projects are uncertain but suspected to exceed the limit, discretion will be used and the bidding procedure will take effect. Thresholds may not be avoided by artificially splitting contracts or purchases.

After the necessary due diligence in finding an appropriate vendor, a purchase shall be initiated. Any documentation supporting the required due diligence shall be kept on file and attached to the invoice for audit purposes.

Near fiscal year end, a purchase order cut off can be instituted at the discretion of Director.

All documentation required within this manual should be filed with the library's accounts payable/invoicing records for 6 fiscal years. Please see the Library's retention policy for specific retention periods related to grants and capital projects.

III. Threshold Grid

The following charts constitute a minimum requirement for the acquisition of goods and services. When appropriate you may choose a greater level of competition. Threshold amounts are determined based on the aggregate amount reasonably expected to be spent on the same or similar goods/services within a 12 month period. See the "General Purchasing Procedure" section for more aggregate information.

Purchase Contract

Threshold	Requirement	Attach
0 - $2,499	Director's Discretion	
$2,500 - $9,999	2 written quotes	2 written quotes must be attached to invoice
$10,000 - $19,999	3 written quotes	3 written quotes must be attached to invoice
$20,000 and over	Competitive bid	Bid, bid results, Board minutes approving purchase and the award of the bid, and any documentation that supports or is required to prove due diligence.

Exceptions:

1. Every attempt will be made to receive the number of quotes required. In the event a vendor is unable to quote, a letter from the vendor stating the vendor is unable to quote and the reason is to be attached to the invoice.
2. Any requisition that is over budget and any emergency purchase will require Board of Directors approval.

Public Works Contract

Threshold	Requirement	Scan and Attach
0 - $2,499	No Purchase Order	
$2,500 - $9,999	2 written quotes	2 written quotes must be attached to invoice
$ 10,000– $34,999	3 written quotes	3 written quotes must be attached to invoice
$35,000 and over	Competitive bid	Bid, bid results, Board minutes approving purchase and the award of the bid, prevailing wage information and any additional documentation that supports or is required to prove due diligence

IV. Proper Invoice and payment

A proper invoice is a written or electronic request for payment submitted by the vendor and must contain the following:

1) Vendor name;
2) Invoice number (in all cases possible);
3) Stevens Memorial Community Library must be named as the purchaser;
4) A complete and itemized description of the goods or services requesting payment for;
5) Quantity of goods, property, or services delivered or rendered; and
6) Amount owed.

All invoices will be entered into Quickbooks. At year end the accrual method shall be used to determine which year an invoice is applicable to.

By resolution date November 16, 2025, the Library Treasurer is authorized to pay public utility services, postage and freight and express charges in advance of formal audit and approval of claims. Public utility services include electric, gas, water, sewer and telephone services. These will appear on an Abstract of Claims – Paid, to be reviewed and signed off by the Finance Committee on a monthly basis. All other invoices will be placed on an Abstract of Claims – Unpaid, to be reviewed and signed off by the Finance Committee on a monthly basis. Both Abstract of Claims will be approved by motion monthly by the Board of Directors.

V. Competitive Bidding

Pursuant to General Municipal Law, Article 5A, Section 103, all purchases for materials, equipment or supplies of the same category that involve an aggregate, rolling 12 month, estimated total expenditure over $20,000 shall be awarded only after public advertising soliciting formal bids. All competitive bids for purchase contract awards require Library Board of Directors approval.

Also pursuant to General Municipal Law, Article 5A, Section 103, all public work contracts (those projects that involve labor or both material and labor) involving an expenditure of over $35,000 shall be awarded only after public advertising soliciting formal bids. All competitive bids for public works contracts require Library Board of Directors approval in order to be bid and awarded.

Alternatives to competitive bidding, where Library Board of Directors approval is not required for procurements not to exceed budgeted amounts:

1. New York State Office of General Services awards centralized contracts based on competitive bidding for commodities, services, information technology and telecommunications. The Library is eligible to purchase through state contracts as a political subdivision of New York State. Since New York State General Municipal Law does not require competitive bidding if purchases are made under State Contract, spending levels (aggregate) do not apply if the purchase is made under New York State Contract. Purchases made from vendors offering "lower than state contract" prices do not qualify under this exception. State contracts are accessible on-line at http://www.ogs.state.ny.us. With this type of purchase, the state contract should be printed and attached to the invoice.

2. The Library may piggyback on municipal County and New York State contracts that have been extended to local governments, school districts and/or libraries. The contract must explicitly authorize piggybacking and must be let in accordance with competitive bidding laws. The purchase contract being utilized is to be printed and attached to the invoice as backup.

3. The Library is also eligible to purchase from Federal GSA Schedule 70 Technology contracts, as well as equipment for counter-drug, homeland security and emergency response activities. This contract is accessible on-line at http://www.gsa.gov/portal/content/104506.

4. The Library is permitted to purchase surplus and second-hand supplies, materials or equipment from Federal or State government or other political subdivisions or public benefit corporations within the State. However, purchases or used items from any other source (e.g. private sources like auctions or going-out-of-business sales) are not exempt from bidding requirements.

Each bid submitted to the Library must contain a statement asserting prices in the bid were arrived at independently, without collusion; prices quoted were not knowingly disclosed by the bidder prior to bid opening; and the bidder did not induce any other person to not submit a bid. A non-collusion form is attached to this manual.

General Municipal Law, Section 101 states that contracts for the erection, construction or alteration of buildings exceeding $500,000 (for Wyoming County), must separately and independently bid (1) Plumbing and gas fitting, (2) Steam heating, hot water heating, ventilating and air-conditioning apparatus, and (3) Electric wiring and standard illuminating fixtures. Referred to as the Wicks Law, when this law does not apply, bidders must submit with its bid a separate sealed list that names each subcontractor that the bidder will use to perform the work. After the low bid is announced, the sealed list is opened and the names of subcontractors are announced. The sealed lists of unsuccessful bidders are to be returned.

Every bid must contain a statement that the bidder is not on a list of entities that invest in the Iranian Energy Sector. A bid cannot be considered or contract awarded without that statement. The exception to this is if a bidder's investment activities were made prior to this law (April 12, 2012) or if the municipality determines in writing that the purchase of goods or services are necessary and are unable to be purchased from any other entity. This clause can be found at the end of this policy.

Advertising for each contract or bid shall be in the designated official newspaper of the Library. The advertisement has to contain the time and place where all of the bids received will be opened. It should state if bids can be received electronically. It should name the Stevens Memorial Community Library and describe the project. It is required there be 5 days between the date of the advertisement and the opening of the bids. If the date of opening changes, re-advertising is required. Failure to comply with the advertising requirements will result in an illegal contract.

Prior to awarding a bid, the Library must first consult a list of debarred vendors on the Department of Labor website. New York State Labor law sets a five-year ban on bidding or award of public work projects to contractors, sub-contractors, successors, and/or substantially owned or affiliated entities who have been debarred for violations of Article 8 or Article 9 of Department of Labor laws, which are related to prevailing wages. The list is located at the link on the bottom of the page of this website: https://dol.ny.gov/system In addition, the Library must also check the System for Award Management (SAM) Exclusions which is maintained by the General Services Administration (GSA) and is available at https://www.sam.gov/portal/public/SAM/ Vendors on either list may not be awarded a competitive bid by the Library.

All formal bid contracts (those which require public advertising and competitive bidding according to General Municipal Law, Article 5A, Section 103) shall be awarded as provided by law and by Resolution of the Library Board of Directors.

It shall be the policy of the Library that a low tie bid be rejected and re-bid to eliminate any question of vendor favoritism by making a choice of an award other than low price.

The Library's bid, the bid results or tabulation sheet, the proposals and the resolution by the Library Board of Directors awarding the bid, must be kept on file at the library for six fiscal years.

The following include but are not limited to situations that are exempt from competitive bidding requirements:

- Public emergencies
- Sole source providers of goods or services (these should be minimal)
- Municipal cooperation agreements
- Purchases of surplus/second hand supplies materials or equipment from the Federal Government, State of New York, or any other political subdivision or district
- Real property purchases or leases
- New York State preferred source purchases
- State contract purchases
- Other municipal or public library contracts properly extended to municipalities or public libraries
- Professional service contracts
- Special skill contracts

VI. Emergency Purchases

The Library may forego compliance with competitive bidding requirements when a situation arises that requires an emergency procurement. The term "Emergency Purchases" is defined in Section 103(4), Article 5A of the General Municipal Law as follows:

"...in the case of a public emergency arising out of an accident or other unforeseen occurrence or condition whereby circumstances affecting public buildings, public property or the life, health, safety or property of the inhabitants of a political subdivision or district therein require immediate action which cannot await competitive bidding, or competitive offering, contracts for public work or the purchase of supplies, material or equipment may be let by the appropriate officer, board or agency of a political subdivision or district therein."

Unless the situation threatens lives, health or public property, the purchases of services or products or public works are subject to the standard provision of this Purchasing Manual. In general, it must be an accident or an unanticipated occurrence that requires immediate attention, or threatens the health, safety or welfare of the Library's property or customers. If the time it takes you to award a contract for an emergency takes as much time as it would to do a competitive bid, it is not an emergency. Improper planning for purchases or capital projects cannot be classified as an emergency purchase.

In the case of a good faith emergency, the Library should still work to obtain goods or services at the lowest cost available.

In the event of an emergency, the Library Director will assume charge for the operation. The following procedure will then be used:

1. The Library Director will provide to the Board of Directors the reason for the emergency and a complete description of what will need to be purchased and its cost.

2. The Board of Directors will provide the Library Director written approval of the emergency purchase, in the form of a signature from the President.

3. With the Board of Directors' approval, the purchase can be made.

4. For documentation purposes, the complete description of the emergency and the Board of Directors approval will be required to be attached to the invoice.

VII. Prevailing Wage Rates

The New York State Department of Labor requires the payment of prevailing wages for any public work performed at Stevens Memorial Community Library. Refer to New York State Labor Law Article 8 (construction such as electricians, carpenters, highway workers) and Article 9 (building service contracts such as janitorial services, landscapers and window washers). See website at http://www.labor.ny.gov/workerprotection/publicwork/PWContents.shtm.

The dollar threshold for payment of the wages under Article 8 is ZERO. ANY work, regardless of how small, is subject to this requirement. The dollar threshold for payment of wages under Article 9 is $1,500. Any project or public work where the payment of wages meets these thresholds is subject to this prevailing wage requirement.

- The Department of Labor requires the Library to request a PRC # and prevailing wage schedule listing the hourly rates of wages and supplements due the workers to be employed on a public work project for any project or service contract involving labor. This schedule may be obtained by completing and forwarding a "Request for Wage and Supplement Information Form" (PW-39) from the Department of Labor or via an online request.
- The Library must attach the wage schedule to the bid specifications prior to bidding.
- Upon awarding a contract, the Library must attach the wage schedule to the contract. When signing the contract, the vendor should also sign a receipt for the wage schedule. That receipt should be kept with the bid documentation.
- Before the work begins, the vendor (contractor and subcontractors) must post wage schedules at the construction site so that workers know what they are entitled to.
- The Library is required to furnish the following information to the NYS Department of Labor Bureau of Public Works, upon the awarding of the contract:
    - The name and address of the contractor
    - The date the contract was let
    - The approximate dollar value of the contract
- Certified payrolls must be collected from the contractor prior to payment to the vendor. These certified payrolls must be attached to each invoice must be kept on file with the Library.
- If a vendor has any questions regarding the job category or classification they are instructed to contact the Department of Labor.
- The Library is required to notify the NYS Department of Labor Bureau of Public Works of the completion or cancellation of any public work project. The Department's Notice of Completion/Cancellation of Project Form (PW-200) is provided for that purpose.
- All forms are available for completion online.
  See http://www.labor.ny.gov/workerprotection/publicwork/PWContents.shtm

VIII. Sole Source Purchases

In situations where there is only one possible source from which to procure goods and services required in the public interest such as in the case of certain patented goods or services, competitive bidding or required quoting is not required. There should be very few instances of these types of purchases.

A **sole source** can be a manufacturer, software developer or service provider that sells direct and there are no other sources offering an "or equal." To qualify under the sole source exception, the Director must demonstrate that the acquisition of the good or service sought is in the public interest. To do so, the Director must document the following: 1. The unique benefits arising from the particular good or service as compared to a different good or service; 2. That no other good or service provides substantially similar benefits; and 3. When considering the benefit conferred upon the Library from the good or service, the cost of such is reasonable. In addition, the Director must demonstrate that the good or service is available from only one source for which there is no equivalent. To do this, a letter on the vendor's official letterhead must be received from the vendor. All of the above documentation must be attached to the invoice as backup documentation in the event of an audit.

A **single source** could be a distributor/wholesaler/retailer that has a contractual agreement for a specific territory to the exclusion of others. Should you have a situation involving a single source supplier, a letter on the manufacturer's letterhead confirming the single source authorized vendor should be obtained. This must be attached to the invoice as backup documentation in the event of an audit.

IX. Professional services

Contracts for professional services are subject to the guidelines of GML 104-b for competitive pricing to be obtained for these services. Professional services are services that require special skill, expertise and/or creativity.

Professional service examples include but are not limited to: insurance, engineering, marketing, stenographers, investment management, architect services, artistic services, attorney services, bond underwriters, financial auditors, financial consultants, management and system analysts and psychologists.

Under NYS General Municipal Law Section 103, contracts for professional services are exempt from mandatory competitive bidding, because of the specialized nature of the services provided. The preferred method to procure these types of service is a Request for Proposal. It allows the library to look at qualifications and price together.

Annual Cost Thresholds:

Under $5,000 – The Library Director can approve the service.

$5,000 to $19,999 - The Library's Board of Directors will determine when a formal request for proposal/qualification process will be used or if quotes or proposals may be obtained from specific vendors/firms.

$20,000 and above – Requires a formal, advertised RFP process.

The library MUST RFP services for insurance, audit and legal services every 5 years.

At any time, the Library can chose an option above the threshold requirement.

The information required for a request proposals for services shall include:

a. A work statement or performance specification
b. Time frames in which the work is to be completed
c. Specific criteria to be used in evaluating the proposal

Request for Proposals/Qualifications may be legally advertised in the designated official newspaper of the Library and posted on the Library's website.

1. The Library's Director and Finance committee will evaluate the proposals received for completeness, accuracy and compliance with the RFP requirements.

2. If appropriate, firms may be selected to make a presentation to the Library Director and/or the Library Finance Committee or Board of Directors.

3. Requests for proposals or qualifications will be approved via resolution by the Library Board of Directors, and the procurement documents will be executed by the President of the Board of Directors.

4. If a contract is awarded to other than the lowest responsible dollar offered, the reason for such award must be justified and documented.

5. The RFP, the RFP proposals, scoring and documented evaluation and the resolution of award must be kept on file at the library for six fiscal years.

X. Preferred Sources

Political subdivisions are required by law to purchase suitable products and commodities from sources granted Preferred Source status by the New York State Legislature. Preferred Sources are:

CORCRAFT
New York State Department of Correctional Services
Division of Industries (highest degree of preference)
www.corcraft.org

NEW YORK STATE PREFERRED SOURCE PROGRAM FOR PEOPLE WHO ARE BLIND (NYSPSP)
www.nyspsp.org

NEW YORK STATE INDUSTRIES FOR THE DISABLED, INC.
www.nysid.org

NEW YORK STATE OFFICE OF MENTAL HEALTH
BUY OMH
www.omh.ny.gov

XI. Exceptions to Certain Purchasing Requirements

The following expenses do not require quotes:

1. Collection fees
2. Dues
3. Heating fuel
4. Interfund transfers or payments to fund reserves
5. Legal settlements/judgments and/or claims
6. Payments on leases (excluding original procurement)
7. Postage
8. Payments to OWWL
9. Magazine and Periodical Subscriptions
10. Training/conferences and hotels where conferences are held
11. Utility bills
12. Vehicle fuel

This list is subject to amendment in the future as changes are deemed necessary.

Department of Taxation and Finance

New York State and Local Sales and Use Tax

Exemption Certificate for Occupancy By Government Employees

ST-129
(3/25)

This form may only be used by government employees of the United States, New York State, or political subdivisions of New York State.

Name of hotel, short-term rental unit operator, or booking service	Dates of occupancy From: To:

Address *(number and street)*	City	State	ZIP code	Country

Certification: I certify that I am an employee of the department, agency, or instrumentality of New York State, the United States government, or the political subdivision of New York State indicated below; that the charges for the occupancy of the above business on the dates listed have been or will be paid for by that governmental entity; and that these charges are incurred in the performance of my official duties as an employee of that governmental entity. I certify that the above statements are true, complete, and correct, and that no material information has been omitted. I make these statements and issue this exemption certificate with the knowledge that this document provides evidence that state and local sales or use taxes do not apply to a transaction or transactions for which I tendered this document, and that willfully issuing this document with the intent to evade any such tax may constitute a felony or other crime under New York State Law, punishable by a substantial fine and a possible jail sentence. I understand that the vendor is a trustee for, and on account of, New York State and any locality with respect to any state or local sales or use tax the vendor is required to collect from me; that the vendor is required to collect such taxes from me unless I properly furnish this certificate to the vendor; and that the vendor must retain this certificate and make it available to the Tax Department upon request. I also understand that the Tax Department is authorized to investigate the validity of tax exemptions claimed and the accuracy of any information entered on this document.

Governmental entity *(federal, state, or local)*	Agency, department, or division

Employee name *(print)*	Employee title	Employee signature	Date prepared

Instructions

Who may use this certificate

If you are an employee of an entity of New York State or the United States government and you are on official New York State or federal government business and renting a room or rooms in a hotel or short-term rental unit, you may use this form to certify the exemption from paying state-administered New York State and local sales taxes (including the $1.50 unit fee in New York City).

New York State governmental entities include any of its agencies, instrumentalities, public corporations, or political subdivisions.

Agencies and instrumentalities include any authority, commission, or independent board created by an act of the New York State Legislature for a public purpose. Examples include:

- New York State Department of Taxation and Finance
- New York State Department of Education

Public corporations include municipal, district, or public benefit corporations chartered by the New York State Legislature for a public purpose or in accordance with an agreement or compact with another state. Examples include:

- Empire State Development Corporation
- New York State Canal Corporation
- Industrial Development Agencies and Authorities

Political subdivisions include counties, cities, towns, villages, and school districts.

The United States of America and its agencies and instrumentalities are also exempt from paying New York State sales tax. Examples include:

- United States Department of State
- Internal Revenue Service

Other states of the United States and their agencies and political subdivisions **do not** qualify for sales tax exemption. Examples include:

- the city of Boston
- the state of Vermont

To the government representative or employee renting the room or rooms in a hotel or short-term rental unit

Complete all information requested on the form. Provide the completed Form ST-129 to the hotel operator, short-term rental unit operator, or booking service upon booking or check in. You must also provide the operator or booking service with proper identification. Sign and date the exemption certificate. You may pay your bill with cash, a personal check or credit/debit card, or a government-issued voucher or credit card.

Note: If you stay at more than one location while on official business, you must complete an exemption certificate for each location. If you are in a group traveling on official business, each person must complete a separate exemption certificate and give it to the hotel operator, short-term rental unit operator, or booking service.

To the hotel operator, short-term rental unit operator, or booking service

Keep the completed Form ST-129 as evidence of exempt occupancy by New York State and federal government employees who are on official business and staying at your place of business. The certificate should be presented to you when the occupant checks in or upon booking.

The certificate must be presented no later than 90 days after the last day of the first period of occupancy. If you accept this certificate after 90 days, you have the burden of proving the occupancy was exempt. You must keep this certificate for at least three years after the later of:

- the due date of the last sales tax return to which this exemption certificate applies; or
- the date when you filed the return.

This exemption certificate is valid if the government employee is paying with one of the following:

- cash
- personal check or credit/debit card
- government-issued voucher or credit card

Do not accept this certificate unless the employee presenting it shows appropriate and satisfactory identification.

Note: New York State and the United States government are not subject to locally imposed and administered hotel occupancy taxes, also known as *local bed taxes*.

Misuse of this certificate

Misuse of this exemption certificate may subject you to serious civil and criminal sanctions in addition to the payment of any tax and interest due. These include:

- a penalty equal to 100% of the tax due;
- a $50 penalty for each fraudulent exemption certificate issued; and
- criminal felony prosecution, punishable by a substantial fine and a possible jail sentence.

Substantial penalties will result from misuse of this certificate.

IRAN DIVESTMENT ACT

By submitting a bid in response to this solicitation or by assuming the responsibility of a Contract awarded hereunder, Bidder/Contractor (or any assignee) certifies that it is not on the "Entities Determined To Be Non-Responsive Bidders/Offerers Pursuant to The New York State Iran Divestment Act of 2013" list ("Prohibited Entities List") posted on the OGS website at: http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf and further certifies that it will not utilize on such Contract any subcontractor that is identified on the Prohibited Entities List. Additionally, Bidder/Contractor is advised that should it seek to renew or extend a Contract awarded in response to the solicitation, it must provide the same certification at the time the Contract is renewed or extended.

During the term of the Contract, should Stevens Memorial Community Library receive information that a person (as defined in State Finance Law § 165-a) is in violation of the above-referenced certifications, the Library will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the Library shall take such action as may be appropriate and provided for by law, vile, or contract, including, but not limited to, seeking compliance, recovering damages, or declaring the Contractor in default.

Stevens Memorial Community library reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

CERTIFICATION OF COMPLIANCE WITH THE IRAN DIVESTMENT ACT

As a result of the Iran Divestment Act of 2012 (the "Act"), Chapter 1 of the Laws of 2012, provisions were added to the New York State Finance Law §165-a, and New York General Municipal Law §103-g. Pursuant to State Finance Law §165-a(3)(b), the New York State Office of General Services (OGS) maintains a Prohibited Entities List identifying persons and entities determined to be engaged in investment activities in Iran, as defined by law.

By submitting a bid in response to this solicitation or by assuming the responsibility of a Contract awarded hereunder, each Bidder/Contractor, any person signing on behalf of any Bidder/Contractor and any assignee or subcontractor and, in the case of a joint bid, each party thereto, certifies, under penalty of perjury, that once the Prohibited Entities List is posted on the OGS website, that to the best of its knowledge and belief, that each Bidder/Contractor and any subcontractor or assignee is not identified on the Prohibited Entities List created pursuant to SFL §165-a(3)(b). Additionally, Bidder/Contractor is advised that once the Prohibited Entities List is posted on the OGS website, any Bidder/Contractor seeking to renew or extend a Contract or assume the responsibility of a Contract awarded in response to this solicitation must certify at the time the Contract is renewed, extended or assigned that it is not included on the Prohibited Entities List.

During the term of the Contract, should Stevens Memorial Community Library receive information that a Bidder/Contractor is in violation of the above-referenced certification, the Library will offer the person or entity an opportunity to respond. If the person or entity fails to demonstrate that he/she/it has ceased engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then the Library shall take action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages or declaring the Bidder/Contractor in default.

Stevens Memorial Community Library reserves the right to reject any bid or request for assignment a Bidder/Contractor that appears on the Prohibited Entities List prior to the award of a contract and to pursue a responsibility review with respect to any Bidder/Contractor that is awarded a contract and subsequently appears on the Prohibited Entities List.
